Attorney General's Office Concludes Investigation Into the Death of Heather Miller

SALT LAKE CITY April 26, 2017 - The Utah Attorney General's Office has concluded its investigation of the death as a result of an incident that occurred while housed at the Davis County Jail. In accordance with established law enforcement protocols, this matter was referred to the Attorney General's Office to complete the investigation and consider criminal charges.

Upon completion of the thorough investigation and in cooperation with Weber County Sheriff's Office, the matter was presented to the Attorney General's Office Justice Division's Special Prosecution Section which determined Ms. Miller's death was not the result of criminal conduct. The applicable standard for a prosecutor to apply to the evidence gathered in an investigation is whether there is a reasonable likelihood of conviction at trial.

Whenever a life is lost it is a tragedy and we recognize the impact is felt by many. The Attorney General's Office extends its sincere sympathies to the family of Ms. Miller for her passing.
